## Contus Video Gallery Plugin For Wordpress Nulled Plug-ins WORK

Contus Video Gallery is an open source gallery script of superior visual appeal and easy drag and drop. Contus is an innovative and simple gallery script which is suitable for both simple and complex websites. It is powered by Node.js and Bootstrap 3 and is available in both styles CSS and React. Contus is made for a responsive design and can be used in one of two ways. Firstly, the gallery can be embedded on the front end using the tag. Secondly, the gallery can be embedded in the backend using the Posts & Pages section. Content from the full range of Magazines and Forums can be displayed in the Carousel. You can use the date range, the content and the featured category to create a carousel that reflects both current and future dates. Contus Video Gallery has the capability to take care of almost any kind of files you wish to upload to your site, and turn your site into a 'Movie Gallery', where you can add as many videos as you like with just a few clicks of a button. This is a perfect solution for sites with more than just one main content category such as news, sports, entertainment, etc. where you can display and embed multiple videos to your visitors. The advantages of Contus Video Gallery are numerous, with multiple themes and video formats that can be used, as well as responsive design. To begin, go to WordPress Dashboard. In the Plugins section, look for "Installed" and "active" plugins. Deactivate or delete the plugins one at a time. If you see any errors, reload the dashboard. There are so many plugins in WordPress for YouTube video gallery. This WordPress YouTube video gallery plugin not only supports videos from YouTube but also supports a video gallery for any website like WordPress video gallery plugin. It also has an additional two features i.e. Photo gallery and Audio gallery options as well. The video gallery plugin supports a variety of video hosts including YouTube and Dailymotion.
